### **Abstract**

Writing manuscripts doesn't have to be awful.

**Keywords:** markdown      pandoc      LaTeX

And that's it. The YAML header is supposed to be complete, you ~~just~~only need to edit it. More goodness will come.

These **few sentences** also show the different ways [there's only, like, one...] to have *CriticMarkup* show up~~-up~~ in the rendered document.

**List of Figures**

1     This is a figure. . . . . 4

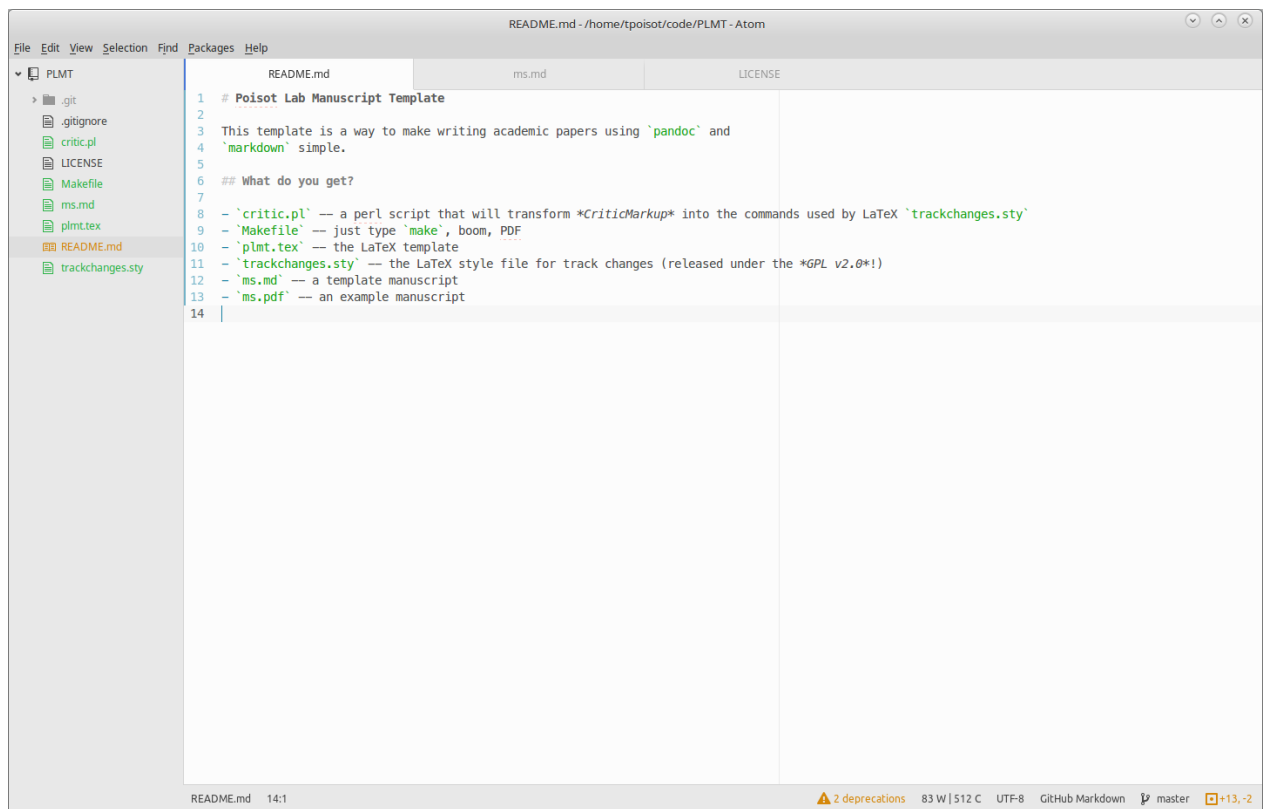

Figure 1: This is a figure.
